All monthly bills were reviewed. MSC (Ken, Ed) to approve and pay the bills.

Mark Bruley met with the board to discuss road maintenance on Point Trail. Mark stated that maintenance is not getting done on the cul de sac at the end of the road. There has been no grading done, no snow plowing, and water drainage is bad on the cul de sac. Mark would like to know if the road is not being maintained because of him, feels the board told Black's Excavating to stop grading/plowing because the board doesn't like him.

The board asked Mark if he installed a culvert across the road. Mark stated that he did not, he made a small trench to help drain the water from the road.

The plan for Point Trail is to dig up the frost boil once it has healed and put new gravel on it to fix the boil, then put a crown on the road so water can drain properly. Mark stated he would like to be included in the conversation when the board goes to inspect the road.

7:42pm - The chairperson called for public comment three times. None responded.

7:43pm – The chairperson closed public comment.

The board discussed vacating the end of Garden Street. The board learned that the road is not recorded and the township has not maintained the road so it is not considered a township road. The board does not need to officially vacate that portion of the road because it was never recorded with the County Recorder as a road and has not been maintained by the township.

MSC (Ken, Ed) to direct the clerk to proceed with an unpaid fire call special assessment for Charles Sheely, property address: 2266 Hwy 65 Mora. PID 10.02320.00.

Bob Mayo met with the board to discuss work done on 260th Ave (Bull Run) last year. This spring the grader came through and did not grade the road correctly. The board informed him that it has been brought the Jerry Black's attention and will be fixed.

There were two land use permits were issued last month.

There were no shoreland permits issued since May 2026.
